

The Parish Archives Project

On Friday mornings, you'll find the Parish Archives volunteers busy in their second-floor workspace at the St. Thomas Aquinas Pastoral Center.

Marguerite Purcell at work

They continue to organize materials from our parish life and history. Judith Scanlon, Marguerite Purcell and Pat Briggs index documents (noting the date and topic). Over on the computer, Stuart MacKenzie and Mary Beth Cebedo Lefebvre enter index information into a software program, and Roland Quintero provides computer expertise.

Pat Briggs & Stu MacKenzie

Marguerite, MB, Stu, Judith, and Roland

We are working on the Parish Council Minutes as the framework, and doing research to find information for the upcoming anniversary of St. Albert the Great church.

The Archives team is grateful to Parish Council members, Ministry leads, and Parishioners for donating material to the Parish Archives. Now, we just need more volunteers to help with organization and indexing!

Newly-organized material
