

***LRO has launched with LCROSS aboard and we'll watch it crash into the Moon in October. But first...***

## ***there's the NEXT* Age of Aquinas Star Party**

**Saturday, July 25, 2009, 7:30~10:30 pm**

Bring your telescope and/or binoculars (if you have them), and a picnic dinner! While the sun sets and twilight deepens, we'll have our picnic and get our telescopes set up. *Dress warmly in layers.* Clear nights get chilly. **Meet at the Park'n'Ride at I-280 and Page Mill Rd in Los Altos.** We'll carpool to Foothills Park. Any car with a telescope or a Palo Alto resident aboard gets in free. Or you can just tell them at the gate that you are an amateur astronomer participating in the public star party. We will be joining the Peninsula Astronomical Society (<http://www.foothill.fhda.edu/ast/pas.htm>) for this month's summer star party.
